FORMER RESIDENT HERE GIVEN PAROLE BY JUDGE BIESTER

Joseph F. Smith Warned Not To Annoy His Wife Whose Head He Shaved

FATHER OF 8 CHILDREN

While in County Jail He Looked After The Plumbing

DOYLESTOWN, May 26 — A former resident of Bristol Township, but who now gives his address in Neshaminy, Joseph F. Smith, 35, has been paroled by Judge Edward G. Biester, with the warning not to return to his former home to annoy his wife.

The defendant, the father of eight children, was sentenced Feb. 20, 1951, to serve the balance of his parole of 23 months after "beating up" his wife. He was charged with aggravated assault and battery and assault and battery which he committed on his wife while going to visit her while on parole.

Smith landed in prison for the first time because he shaved his wife's head and when she appeared in court to testify against him was compelled to wear a skull cap to hide the loss of her hair.

Although he was formally sentenced Feb. 20, 1951, he had been committed to prison Dec. 24, 1950, after being arrested by Chief of Police Joseph O. Sander, of Bristol twp. His sentence would have expired Dec. 24, 1953.

County Prison Warden Earl D. Handy testified that Smith took full care of the boilers while in prison, toilets and water pipe repairs and that for a year and one-half it was not necessary to call in an outside plumber because of Smith's efficiency and skill along plumbing lines. Following the cutting off of his wife's hair, he was committed to the Norristown State Hospital for a psychological examination.

WORDS VS. PRINCIPLES

David Lawrence, newspaper columnist, has presented a forecast of the approaching speeches by General Eisenhower which he sincerely hopes is inaccurate.

He was speaking about the General's plan to return shortly, and said that those who expect him to engage in a "rough and tumble campaign", or to "submit himself to a cross-examination on the thousand and one aspects of America's problems," are due for a disappointment.

The General, said Mr. Lawrence, believes that "fundamental principles" and "philosophy" are more important than "campaign crossfire," and he has, according to Mr. Lawrence, "no rancor." What he stands for in government is "fairness and balance." The expressions "left" and "right" leave him cold. He is not likely to be drawn into what Mr. Lawrence describes as "a battle of words."

Whatever Mr. Lawrence may have been attempting to describe, the words he uses certainly do not leave the picture of a fearless champion, a zealous believer, about to embark on a political crusade.

It was Senator Lodge, we believe, who said in effect some months ago that politics is a matter of salesmanship, somewhat akin to marketing soap or other commodities, and that what the Republicans have to do is to prove themselves to be the best salesmen.

That's one point of view, but it is wholly unlike the more accurate concept of modern politics, i. e., that it has become a matter of revolution and counter-revolution.

Looking back over the misadventures of Spain, Ethiopia, France, Germany, England, Russia, Latvia, Estonia, Lithuania, Roumania, Bulgaria, Yugoslavia, Czechoslovakia, Poland, Manchuria, China and Korea—looking back on the past quarter-century of world history with its tragedies and betrayals, it seems to us almost incredible that there are world leaders, or would-be world leaders, of whom it might be said fairly that the expressions "left" and "right" leave them cold.

The "left" has been at the "right's" throat for two bloody decades and a half, and if there is a razor-thin line of neutrality between them whereon a man may stand without taking sides, we fail to perceive it.

As Christ, himself a plain speaker who never feared "a

URGES ENDING OF MORAL DETERIORATION

Senator Edward Martin Appeals for Spiritual Awakening

SPEAKS AT EMMAUS

(Special to the Courier)

EMMAUS, May 26—Moral deterioration in our national government can be ended only when a spiritual awakening among the God-fearing people results in driving out racketeers and grafters, U. S. Senator Edward Martin (R., Pa.) declared yesterday in Memorial Day exercises of the Western Salisbury Union Church, near here.

Senator Martin said: "We have reached a time of crisis in our National Life. We have reached a time when we must bring into action all our patriotism and our fighting spirit to safeguard our freedom."

"Corruption in government is more dangerous than treason or conspiracy. The scandals that have been revealed in Washington bring us face to face with a situation that is shocking and alarming. It is not a political issue. It is a great moral issue of honesty against dishonesty."

"Unless the moral forces of our communities arouse themselves to drive out racketeers and grafters, there can be no hope of clean, decent, honest government."

"That is why I say that every good citizen, every church goer,

TROPHIES AWARDED AT BANQUET OF BOWLING LEAGUE

Prizes awarded and trophies were presented to the championship teams at the fifth annual banquet of the Bristol Bowling Association held Saturday evening in the Goodwill Fire Company auditorium. Burgess of Bristol, I. J. Hetherington, was the speaker, and Andrew MacArthur gave the invocation, with Samuel Shire acting as toastmaster.

Mr. Shire welcomed the guests and members and said: "Bowling has come a long way in the field of sports. It is now enjoyed by all classes of people and by the young and old. When the bowlers first started holding meetings to brag about their scores, it was just so many men getting together and talking about bowling. The women then started to bowl and the men and women started holding the affair together. It has now become a banquet which every one is proud to attend. The bowling association was formed back in 1923 and has worked and strived to improve the sport of bowling."

Robert Robinson, president of the Association, was introduced. He said: "It is with great pleasure to be here this evening. I wish to thank everyone who has helped to make this banquet a success. I have a very important announcement to make and that is the Auto Boys team will be leaving for Milwaukee the first week in June to play in the National Bowling Congress Tournament representing the Bristol Bowling Association. I would like to wish them all the success possible in this tournament. There will be teams from all over the nation playing in this tournament and it is an honor for a Bristol team to be playing."

When introducing Burgess Hetherington, Mr. Shire said: "Our speaker this evening is one who most of us know. He has a job that you are either right or you are wrong, there is no half-way, as he is in the public eye. It is with great pleasure that I present to you the Burgess of Bristol, I. J. Hetherington."

Burgess Hetherington, in addressing the group, said: "It was very good news to hear that Bristol will be represented in Milwaukee at the National Bowling tournament. This is a bit of news that should be made known to everyone as I believe this will be the first time that a team from Bristol took part in a national tournament. As most of you know they will not only be representing the association but will be representing the community as well. It's something that we all can be proud of. I wish them the best of luck and success in the tournament."

"I feel honored that I was invited to attend this banquet. This banquet is the making of real community life. It gives each of you a better chance to become acquainted and in so doing help build up the morale of the community, which is so much needed at this time. Americans always take too much for granted but that is our way of life. We are living in a very exciting time for all of us. Here in Bucks county is one of the biggest defense areas there is in the country. It is a time in the history of our community that few of us will ever see again. The entire outlook at the present is one of problems and most of us are excited about it. But in a few years we will all look back and say why was I excited. It has all turned out for the betterment of the community."

"In our way of life here in America there are no problems so great that we cannot set down together and solve them with just a few meetings. That is the way we do things in this great country of ours."

In closing, Burgess Hetherington said: "You have a big evening before you and as long as everyone pulls together all problems facing this community because of the defense area I feel sure that Bristol will be a bigger and better place to live."

The Samuel Jackson Co. trophy was presented to Mary Fawkes, captain of the championship team of the Women's Industrial League. Mr. Shire read the following standings of the Women's Industrial Bowling League: First high average: Marge Hunter, 151; Virginia Hibbs, 148; Betty Walker, 147; Dorothy Tazik, 145, and Helen Hughes, 144. High games without handicap: Emilie, 2322; high 3 games with handicap: Althouse Fuel, 2279. High single game without handicap: D. of A., 812. High single game with handicap: Rohm & Haas Jr., 803. ADJUSTMENT BOARD HEARS FIRST APPEAL FROM ZONING LAW; VARIANCE REQUESTED ON "OLD BUCKLEY STREET MILL" SITE FOR OFFICES

The Zone Board of Adjustment of Bristol sat to hear its first appeal Saturday afternoon, when Leon Freeman, Philadelphia, asked for a variance on that tract of land generally referred to locally as "The Old Buckley Street Mill Site." The tract is zoned as a residential area being designated as "R-2."

Freeman has a lease from the Commonwealth of Pennsylvania for an office building, which he, Freeman, plans to erect on the site.

The State of Pennsylvania, it was brought out at the hearing Saturday afternoon, desires the building for offices for the Penna. State Employment Service now located at 216 Mill street, second floor of the building occupied by the Factors-To-You Furniture Co. This building has been sold to the Grant Store.

The Adjustment Board consisting of Maxwell J. Gordon, chairman; Stephen P. Midonhas and Dominick Roberto. The hearing was held in the Bristol municipal building.

Freeman told how on September 21, 1951, he paid \$500 down for the property through his representative Milton P. Warren. He had a verbal commitment from the State that the site would be satisfactory. December 20, 1951 he made another payment of \$500 and on April 24, 1952, he made final settlement. He said that at the time of original inquiry about the site that he had been told that the tract was not zoned. The zoning ordinance was adopted by Bristol Borough Council, December 10, 1951, to become effective within 10 days.

The State, according to Freeman signed a lease for the proposed building on March 2, 1952.

A building permit was applied for and issued through error and three days later the Borough advised Freeman that the tract was zoned for residential purposes, and not to build.

The State Employment Service offices are supposed to vacate their present offices June 30th.

Freeman said that the building he proposes to build will be one story and of modern construction with adequate off-street parking.

The Adjustment Board took the case under advisement until it has had time to study the transcript of the hearing and to have advice upon the legal phases involved.

Lawrence Monroe, Esq., Bristol attorney, represented Freeman.

ANTONELLI WINS DISTRICT MBS TITLE

Bristol Marble King Will Play at Harrisburg On Sunday

GOOD CHANCE TO WIN

Joseph Antonelli, Bristol's marble "champ," who is being sponsored by the Chester V. Terchon Post, went to Doylestown on Saturday to meet the champion of eleven other towns in Bucks county to decide the champion of Bucks county. Joe defeated the other champs, losing only one game, thereby being crowned Bucks County Champion. Having achieved this laurel he met the Lehigh victor in a two out of three match game to decide the Eighth District titleholder.

Joe again showed his superiority by winning two out of three in these matches and thus was crowned District Champion with the right to meet representatives of the other districts in the State Championships to be held on Sunday, June 1st, in Harrisburg, at Reservoir Park croquet courts, at the Capital, starting time being scheduled for one p. m.

A fleet of cars will leave the Terchon Post home at 9 a. m. on Sunday, June 1st. Anyone intending to go along is asked to contact Commander Kornstedt or Clarence Schweizer, so that transportation can be arranged.

High hopes are held for Joe this year as he has competed in State playoffs on three previous years and has finished third on an occasion. However, with previous playoff experience being gained, and a year older, Joe should be a serious contender for the State title.

The winner of the State Championship will go to Durham, N. C., for four days' competition in the National playoffs, and the Chester V. Terchon Post is rooting hard for Joe to become eligible to go to North Carolina.

2 Dead, 8 Missing As 2 Ships Collide

Wilmington, Del. — To men were known dead today and eight others were missing in a series of explosions and fires touched off by the collision of two oil ships in the Delaware River, 20 miles below Wilmington.

One crew member of the motor barge "A. C. Dodge" was rescued after the Dodge, loaded with some 700,000 gallons of gasoline, rammed into the tanker S. S. "Michael" last night.

Three explosions ripped through the "Dodge" and the ship partly sank into the river. Eight of her nine crew members were still missing this morning, and were given little chance of being found alive.

The "Michael," a 10,441-ton vessel, carrying crude oil, continued on her course up river, although a below-deck fire still raged in her forepeak.

The Coast Guard reported that the second and third mates of the "Michael" were missing, but that the rest of the 40 crew members were safe, and added that the fire was under control and had not reached the cargo.

FIND BRISTOL MAN DEAD IN AUTO IN GARAGE ON SUNDAY

Giordano Gentilucci, 36, Dies of Carbon Monoxide Poisoning

AUTOPSY PERFORMED

Brook Street Man Had Been Missing From His Home For Five Days

Giordano Gentilucci, 36, 316 Brook street, son of Angelo and Rose Gentilucci, an employee of Kaiser Metal Products Co., Inc., at 4.15 yesterday afternoon was found dead, seated in his automobile in his garage 1½ blocks from his home. Discovery of the body was made by his brother-in-law, Sebastiano Amoroso, of Newark, N. J.

Coroner Russell J. T. Ferris, Ottsville, was summoned, and following an autopsy performed by Dr. Stanley Moyer, Quakertown, at the Galzerano funeral home, issued a certificate of accidental death due to monoxide poisoning.

According to Officer John Dugan and Chief of Police Linford J. Jones, who investigated, no evidences of foul play were discovered.

Gentilucci left his home last Tuesday and had not been seen since. It was evidenced he had been dead since that time. It had been Gentilucci's custom, occasionally, to go away several days at a time. The ignition of the car was turned on at the time of discovery and the gasoline supply was exhausted, indicating the motor had been running until the gas was consumed.

Cherubino Rossi, 1104 Wood street, who keeps his car in the same garage with Gentilucci, told police that Gentilucci's car was in the garage Thursday morning, but that he did not look into the car. Rossi had not put his car back in his garage since Thursday. It was said by friends that Gentilucci planned to consult a physician Tuesday evening.

Funeral services will be conducted Tuesday at eight a. m., at the Galzerano funeral home, 430 Radcliffe street. Friends may call this evening.

Mr. Gentilucci is survived by his parents, and by three sisters, Mrs. Peter Damiano, Trenton, N. J.; Mrs. Sebastiano Amoroso, Newark, and Mrs. Carl Spinelli. The deceased was born in Bristol and had resided here all his lifetime. He was a member of Sons of Italy and the Mutual Aid Society.

WAS IT A BLUNDER?

France, Britain and the United States have sent a second note to Russia protesting against the flagrant shooting up of a French passenger plane in the air corridor to Berlin. The idea seems to be to make sufficient fuss about the incident so Russia will not risk a repetition.

The incident is being regarded as the blunder of a trigger-happy pilot. That is sensible, since the West cannot prove otherwise. Some of the facts seem to support the blunder theory.

But was it a blunder? Russia's note, though mild, protested that the French plane allegedly "violated" Russian controlled territory by flying 15 miles outside the prescribed air corridor. The second Western note denies this and sternly adds: "To fire in any circumstances, even by way of warning, on an unarmed aircraft in time of peace, wherever that aircraft may be, is entirely inadmissible and contrary to all standards of civilized behavior." The note again demands punishment of those responsible and payment of reparations.

On two previous occasions, Russian fliers were decorated after firing on unarmed American planes. Perhaps these jet pilots were seeking decorations, too.

The Russians boasted of firing on the Navy Privateer which disappeared over the Baltic in 1950. They boasted of forcing down another plane which had disappeared over Hungary a few months ago. Hungary held the crew as "spies" until Washington paid \$120,000 ransom to get them back.

AS STEEL SAW IT

United States Steel has reported on its operations for the first quarter of 1952. The report shows that the corporation has been busy and has been making profits during the quarter just past. But its profits were lower than they were in the last quarter of 1951 even though shipments increased. Net income fell from \$48,600,000 in \$43,500,000, while sales were rising from \$819,000,000 to \$864,000,000.

Figures are naturally disturbing to men charged with the conduct of a great business enterprise. If the company is going to continue making more steel and less money, the time will come when it will find it cheaper to close down. Unless the causes can be dealt with, that is. But an inspection of the causes is not reassuring. Higher wage costs and higher taxes are at the root of the trouble and management can do little about either.

In fact, the corporation will be compelled to pay still higher wages. It would have preferred not to, and it would have been willing to forgo a price increase to avoid that necessity. Chairman Olds made it clear that steel favored having both wages and prices stabilized in order to avoid risking another twist of the inflationary spiral.

An Italian woman walked across the river on the ice from Burlington to Bristol last Thursday in her stocking feet. She carried her shoes in her hand and when this side was reached she calmly put on her shoes, much to the amusement of the crowd assembled at the Mill street wharf. She said she took off her shoes to keep from slipping.

After the ceremonies the camp adjourned to the camp fire where refreshments were served and the boys enjoyed themselves listening to the stories of '61 by the veterans of Post 73.

After another week of cold weather, when the mercury in the thermometers has been flitting with zero mark, Bristol is pretty well frozen up, and a great deal of inconvenience and a number of cases of positive distress have been the result. Words vs. Principles

Continued from Page One

attle of words" and who knew fully well the difference between "rational" and "righteous indignation," said: "He that is not with me is against me." He that is not with the believers in freedom who have battled all these years against the pro-Communists and the pro-socialists for the preservation of liberty and constitutional government—that man is against them.

Indifference is the besetting sin of this generation: indifference and spirit of "get-mine-first" greed and materialism.

The truth is that now, as never before in all the long history of this unhappy sphere, no man who does not feel deeply, no man who does not stir with anger over the betrayals of people and principals witnessed at home and abroad during recent years, no man who is calm and complacent over the world's gony, is fit to seek leadership, nor apt to inspire a willingness to follow him.

Senator Lodge an Eisenhower backer, has written with an eloquence few have equalled on the need for Republican victory at any price, and on the concept that what the party needs is to stand for those opinions which will provide the victory—not those that conscience and common sense dictate.

This philosophy, it may be, has contaminated the sound judgment of General Eisenhower and led him to falsely assume that in this hour of crisis America will turn to half-way men and half-way convictions.

The General's judgment may be still further distorted by recollection that Senator Duff, another of his chief supporters, can successfully for his Senate seat two years ago in Pennsylvania without discussing any national issues, although daily goaded by his opponents, spring and fall, to stand up and debate with them.

What the General may have overlooked in this connection is that Duff was then a governor, armed with substantial patronage and money—programs quite unlike anything which General Eisenhower is likely to find at his disposal; and moreover, that the cloud of the Korean tragedy lay heavily upon the public mind

that year, plunging the standing of the Democratic party into the lowest ebb for many seasons.

We do not believe that General Eisenhower has even an outside chance of getting elected by any such coy and vacillating evasion of issues as seems to be in Mr. Lawrence's mind.

Already he has cagily sat on the sidelines, allowing others to do his talking for the purpose of the pre-convention activities, without taking part in a clash of ideologies the most dramatic in the whole world's history. If this results in his nomination, are we to understand that he seriously contemplates the stultifying picture of dealing only in platitudes and generalities during the campaign which would thereafter be in his hands?

Has the unhappy result of similar masterminding on the part of Governor Dewey, four years ago, escaped the General's attention?

Where is the spirit of other immortal leaders—the fearless courage which, to name a single example, Churchill revealed in his famous Dunkirk speech: "We shall go on to the end, we shall fight in France, we shall fight on the seas and oceans, we shall fight with growing confidence and growing strength in the air, we shall defend our Island, whatever the cost may be, we shall fight on the beaches, we shall fight in the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender."

In the utmost seriousness we believe, and we warn General Eisenhower and his supporters, that only courage battle-spirit such as that can offer hope of victory to the Republicans this fall. Anything else invites defeat.

HEIDLER PITCHES HIS SECOND NO-HIT GAME FOR JUNIORS

LANGHORNE, May 26 — Bobby Heidler pitched his second no-hit for High won over Nesaminy Junior High won over Nesaminy Junior High, 4-2, on Playwick field.

Several weeks ago, Heidler hurled a no-hitter against Southampton in a Lower Bucks J. H. League tilt but Southampton scored three runs. Bristol won that game, 5-3.

Bobby DeLissio saved Heidler's no-hitter in the sixth when he made a sensational diving catch of Sangillo's bid for a base hit.

Looked After The
Plumbing**

DOYLESTOWN, May 26 — A former resident of Bristol Township, but who now gives his address in Neshaminy, Joseph F. Smith, 35, has been paroled by Judge Edward G. Biester, with the warning not to return to his former home to annoy his wife.

The defendant, the father of eight children, was sentenced Feb. 20, 1951, to serve the balance of his parole of 23 months after "beating up" his wife. He was charged with aggravated assault and battery and assault and battery which he committed on his wife while going to visit her while on parole.

Smith landed in prison for the first time because he shaved his wife's head and when she appeared in court to testify against him was compelled to wear a skull cap to hide the loss of her hair.

Although he was formally sentenced Feb. 20, 1951, he had been committed to prison Dec. 24, 1950, after being arrested by Chief of Police Joseph O. Seader, of Bristol twp. His sentence would have expired Dec. 24, 1953.

County Prison Warden Earl D. Handy testified that Smith took full care of the boilers while in prison, toilets and water pipe repairs and that for a year and one-half it was not necessary to call in an outside plumber because of Smith's efficiency and skill along plumbing lines.

Following the cutting off of his wife's hair, he was committed to the Norristown State Hospital for a psychological examination.

WORDS VS. PRINCIPLES

David Lawrence, newspaper columnist, has presented a forecast of the approaching speeches by General Eisenhower which he sincerely hopes is inaccurate.

He was speaking about the General's plan to return shortly, and said that those who expect him to engage in a "rough and tumble campaign," or to "submit himself to a cross-examination on the thousand and one aspects of America's problems," are due for a disappointment.

The General, said Mr. Lawrence, believes that "fundamental principles" and "philosophy" are more important than "campaign crossfire," and he has, according to Mr. Lawrence, "no rancor." What he stands for in government is "fairness and balance." The expressions "left" and "right" leave him cold. He is not likely to be drawn into what Mr. Lawrence describes as "a battle of words."

Whatever Mr. Lawrence may have been attempting to describe, the words he uses certainly do not leave the picture of a fearless champion, a zealous believer, about to embark on a political crusade.

It was Senator Lodge, we believe, who said in effect some months ago that politics is a matter of salesmanship, somewhat akin to marketing soap or other commodities, and that what the Republicans have to do is to prove themselves to be the best salesmen.

That's one point of view, but it is wholly unlike the more accurate concept of modern politics, i. e., that it has become a matter of revolution and counter-revolution.

Looking back over the misadventures of Spain, Ethiopia, France, Germany, England, Russia, Latvia, Estonia, Lithuania, Roumania, Bulgaria, Yugoslavia, Czechoslovakia, Poland, Manchuria, China and Korea—looking back on the past quarter-century of world history with its tragedies and betrayals, it seems to us almost incredible that there are world leaders, or would-be world leaders, of whom it might be said fairly that the expressions "left" and "right" leave them cold.

The "left" has been at the "right's" throat for two bloody decades and a half, and if there is a razor-thin line of neutrality between them whereon a man may stand without taking sides, we fail to perceive it.

As Christ, himself a plain speaker who never feared "a

**URGES ENDING OF
MORAL DETERIORATION****Senator Edward Martin
Appeals for Spiritual
Awakening****SPEAKS AT EMMAUS**

(Special to the Courier)

EMMAUS, May 26—Moral deterioration in our national government can be ended only when a spiritual awakening among the God-fearing people results in driving out racketeers and grafters. U. S. Senator Edward Martin (R., Pa.) declared yesterday in Memorial Day exercises of the Western Salisbury Union Church, near here.

Senator Martin said: "We have reached a time of crisis in our National Life. We have reached a time when we must bring into action all our patriotism and our fighting spirit to safeguard our freedom.

"Corruption in government is more dangerous than treason or conspiracy. The scandals that have been revealed in Washington bring us face to face with a situation that is shocking and alarming. It is not a political issue. It is a great moral issue of honesty against dishonesty.

"Unless the moral forces of our communities arouse themselves to drive out racketeers and grafters there can be no hope of clean, decent, honest government.

"That is why I say that every good citizen, every church goer,

The latest proposal by Moscow calling for a Big-Four meeting to consider the unification of Germany failed to shake the determination of German and Western leaders to align West Germany with the Atlantic community. West Berliners feared their city would become isolated when Bonn signed the contractual agreement.

Experts on Soviet affairs predicted that by 1970 the Soviet Union might have doubled its present industrial output and military strength.

The Italian municipal elections, marked by bitter strife between the Christian Democrats and their allies and the opposition consisting of a leftist coalition, drew a heavy outpouring of voters.

Citizens of the Trieste zone also participated in municipal elections, casting ballots for their choice among fourteen contending parties peacefully.

Red Cross representatives conferred with leaders of Communist prisoners on Kojima Island in a move to prevent further rioting and bloodshed there. The Peiping radio said the United Nations delegates would be called to account for the latest outbreak of violence on Kojima Island when truce negotiations are resumed.

The sixth test of an atomic explosion to be held this spring left up the Nevada skies for miles short-

ly after daybreak. It was called the "most spectacular" of the series. No casualties were reported to any of the 2,000 service personnel at the experimental grounds.

**TROPHIES AWARDED
AT BANQUET OF
BOWLING LEAGUE**

Prizes awarded and trophies

were presented to the championship teams at the fifth annual banquet of the Bristol Bowling Association held Saturday evening in the Goodwill Fire Company auditorium. Burgess of Bristol, I. J. Hetherington, was the speaker, and Andrew MacArthur gave the invocation, with Samuel Shire acting as toastmaster.

Mr. Shire welcomed the guests and members and said: "Bowling has come a long way in the field of sports. It is now enjoyed by all classes of people and by the young and old. When the bowlers first started holding meetings to brag about their scores, it was just so many men getting together and talking about bowling. The women then started to bowl and the men and women started holding the affair together. It has now become a banquet which every one is proud to attend. The bowling association was formed back in 1923 and has worked and strived to improve the sport of bowling."

Robert Robinson, president of the Association, was introduced. He said: "It is with great pleasure to be here this evening. I wish to thank everyone who has helped to make this banquet a success. I have a very important announcement to make and that is the Auto Boys team will be leaving for Milwaukee the first week in June to play in the National Bowling Congress Tournament representing the Bristol Bowling Association. I would like to wish them all the success possible in this tournament. There will be teams from all over the nation playing in this tournament and it is an honor for a Bristol team to be playing."

When introducing Burgess Hetherington, Mr. Shire said: "Our speaker this evening is one who most of us know. He has a job that you are either right or you are wrong, there is no half-way, as he is in the public eye. It is with great pleasure that I present to you the Burgess of Bristol, I. J. Hetherington."

Burgess Hetherington, in addressing the group, said: "It was very good news to hear that Bristol will be represented in Milwaukee at the National Bowling tournament. This is a bit of news that should be made known to everyone as I believe this will be the first time that a team from Bristol took part in a national tournament. As most of you know they will not only be representing the association but will be representing the community as well. It's something that we all can be proud of. I wish them the best of luck and success in the tournament."

"I feel honored that I was invited to attend this banquet. This banquet is the making of real community life. It gives each of you a better chance to become acquainted and in so doing help build up the morale of the community, which is so much needed at this time. Americans always take too much for granted but that is our way of life. We are living in a very highly defense area and it is a very exciting time for all of us. Here in Bucks county is one of the biggest defense areas there is in the country. It is a time in the history of our community that few of us will ever see again. The entire outlook at the present is one of problems and most of us are excited about it. But in a few years we will all look back and say why was I excited. It has all turned out for the betterment of the community."

"In our way of life here in America there are no problems so great that we cannot set down together and solve them with just a few meetings. That is the way we do things in this great country of ours."

In closing, Burgess Hetherington said: "You have a big evening before you and as long as everyone pulls together all problems facing this community because of the defense area I feel sure that Bristol will be a bigger and better place to live."

The Samuel Jackson Co. trophy was presented to Mary Fawks, captain of the championship team of the Women's Industrial League. Mr. Shire read the following standings of the Women's Industrial Bowling League: First high average: Marge Hunter, 151; Virginia Hibbs, 148; Betty Walker, 147; Dorothy Tazik, 145, and Helen Hughes, 144. High games without handicap: Emilie, 2322; high 3 games with handicap: Althouse Fuel, 2279. High single game without handicap: D. of A., 812. High single game with handicap: Rohm & Haas Jr., 803. **ADJUSTMENT BOARD HEARS FIRST APPEAL
FROM ZONING LAW; VARIANCE REQUESTED ON
"OLD BUCKLEY STREET MILL" SITE FOR OFFICES**

The Zone Board of Adjustment of Bristol sat to hear its first appeal Saturday afternoon, when Leon Freeman, Philadelphia, asked for a variance on that tract of land generally referred to locally as "The Old Buckley Street Mill Site."

The tract is zoned as a residential area being designated as "R-2." Freeman has a lease from the Commonwealth of Pennsylvania for an office building, which he, Freeman, plans to erect on the site.

The State of Pennsylvania, it was brought out at the hearing Saturday afternoon, desires the building for offices for the Penna. State Employment Service now located at 216 Mill street, second floor of the building occupied by the Factors-To-You Furniture Co. This building has been sold to the Grant Store.

The Adjustment Board consisting of Maxwell J. Gordon, chairman; Stephen P. Midonhas and Domick Roberto. The hearing was held in the Bristol municipal building. Freeman told how on September 21, 1951, he paid \$500 down for the property through his representative Milton P. Warren. He had a verbal commitment from the State that the site would be satisfactory. December 20, 1951 he made another payment of \$500 and on April 24, 1952, he made final settlement. He said that at the time of original inquiry about the site that he had been told that the tract was not zoned. The zoning ordinance was adopted by Bristol Borough Council, December 10, 1951, to become effective within 10 days.

The State, according to Freeman signed a lease for the proposed building on March 2, 1952. A building permit was applied for and issued through error and three days later the Borough advised Freeman that the tract was zoned for residential purposes, and not to build.

The State Employment Service offices are supposed to vacate their present offices June 30th.

Freeman said that the building he proposes to build will be one story and of modern construction with adequate off-street parking. The Adjustment Board took the case under advisement until it has had time to study the transcript of the hearing and to have advice upon the legal phases involved.

Lawrence Monroe, Esq., Bristol attorney, represented Freeman.

**ANTONELLI WINS
DISTRICT MBS TITLE****Bristol Marble King Will
Play at Harrisburg
On Sunday**

Joseph Antonelli, Bristol's marble "champ," who is being sponsored by the Chester W. Terchon Post, went to Doylestown on Saturday to meet the champion of eleven other towns in Bucks county to decide the champion of Bucks county. Joe defeated the other champs, losing only one game, thereby being crowned Bucks County Champion. Having achieved this laurel he met the Lehigh victor in a two out of three match game to decide the Eighth District titleholder.

Joe again showed his superiority by winning two out of three in these matches and thus was crowned District Champion with the right to meet representatives of the other districts in the State Championships to be held on Sunday, June 1st, in Harrisburg, at Reservoir Park croquet courts, at the Capital, starting time being scheduled for one p. m.

A fleet of cars will leave the Terchon Post home at 9 a. m. on Sunday, June 1st. Anyone intending to go along is asked to contact Commander Kornstedt or Clarence Schweizer, so that transportation can be arranged.

High hopes are held for Joe this year as he has competed in State playoffs on three previous years and has finished third on an occasion. However, with previous playoff experience being gained, and a year older, Joe should be a serious contender for the State title.

The winner of the State Championship will go to Durham, N. C. for four days' competition in the National playoffs, and the Chester W. Terchon Post is rooting hard for Joe to become eligible to go to North Carolina.

2 Dead, 8 Missing As 2 Ships Collide

Wilmington, Del. — To men were known dead today and eight others were missing in a series of explosions and fires touched off by the collision of two oil ships in the Delaware River, 20 miles below Wilmington.

One crew member of the motor barge "A. C. Dodge" was rescued after the Dodge, loaded with some 700,000 gallons of gasoline, rammed into the tanker S. S. "Michael" last night.

Three explosions ripped through the "Dodge" and the ship partly sank into the river. Eight of her nine crew members were still missing this morning, and were given little chance of being found alive.

The "Michael," a 10,441-ton vessel, carrying crude oil, continued on her course up river, although a below-deck fire still raged in her forepeak.

The Coast Guard reported that the second and third mates of the "Michael" were missing, but that the rest of the 40 crew members were safe, and added that the fire was under control and had not reached the cargo.

Giordano Gentilucci, 36, 316 Brook street, son of Angelo and Rose Gentilucci, an employee of Kaiser Metal Products Co., Inc., at 4.15 yesterday afternoon was found dead, seated in his automobile in his garage 1½ blocks from his home. Discovery of the body was made by his brother-in-law, Sebastiano Amoroso, of Newark, N. J.

Coroner Russell J. T. Ferris, Ottsville, was summoned, and following an autopsy performed by Dr. Stanley Moyer, Quakertown, at the Galzerano funeral home, issued a certificate of accidental death due to monoxide poisoning.

According to Officer John Dugan and Chief of Police Linford J. Jones, who investigated, no evidences of foul play were discovered. Gentilucci left his home last Tuesday and had not been seen since. It was evidenced he had been dead since that time. It had been Gentilucci's custom, occasionally, to go away several days at a time. The ignition of the car was turned on at the time of discovery and the gasoline supply was exhausted, indicating the motor had been running until the gas was consumed.

Cherubino Rossi, 1104 Wood street, who keeps his car in the same garage with Gentilucci, told police that Gentilucci's car was in the garage Thursday morning, but that he did not look into the car, Rossi had not put his car back in his garage since Thursday. It was said by friends that Gentilucci planned to consult a physician Tuesday evening.

Funeral services will be conducted Tuesday at eight a. m., at the Galzerano funeral home, 430 Radcliffe street. Friends may call this evening.

Mr. Gentilucci is survived by his parents, and by three sisters, Mrs. Peter Damiano, Trenton, N. J.; Mrs. Sebastiano Amoroso, Newark, and Mrs. Carl Spinnelli. The deceased was born in Bristol and had resided here all his lifetime. He was a member of Sons of Italy and the Mutual Aid Society.

WAS IT A BLUNDER?

France, Britain and the United States have sent a second note to Russia protesting against the flagrant shooting up of a French passenger plane in the air corridor to Berlin. The idea seems to be to make sufficient fuss about the incident so Russia will not risk a repetition.

The incident is being regarded as the blunder of a trigger-happy pilot. That is sensible, since the West cannot prove otherwise. Some of the facts seem to support the blunder theory.

But was it a blunder? Russia's note, though mild, protested, that the French plane allegedly "violated" Russian controlled territory by flying 15 miles outside the prescribed air corridor. The second Western note denies this and sternly adds: "To fire in any circumstances, even by way of warning, on an unarmed aircraft in time of peace, wherever that aircraft may be, is entirely inadmissible and contrary to all standards of civilized behavior." The note again demands punishment of those responsible and payment of reparations.

On two previous occasions, Russian fliers were decorated after firing on unarmed American planes. Perhaps these jet pilots were seeking decorations, too.

The Russians boasted of firing on the Navy Privateer which disappeared over the Baltic in 1950. They boasted of forcing down another plane which had disappeared over Hungary a few months ago. Hungary held the crew as "spies" until Washington paid \$120,000 ransom to get them back.

AS STEEL SAW IT

United States Steel has reported on its operations for the first quarter of 1952. The report shows that the corporation has been busy and has been making profits during the quarter just past. But its profits were lower than they were in the last quarter of 1951 even though shipments increased. Net income fell from \$48,600,000 to \$43,500,000, while sales were rising from \$819,000,000 to \$864,000,000.

Figures are naturally disturbing to men charged with the conduct of a great business enterprise. If the company is going to continue making more steel and less money, the time will come when it will find it cheaper to close down. Unless the causes can be dealt with, that is. But an inspection of the causes is not reassuring. Higher wage costs and higher taxes are at the root of the trouble and management can do little about either.

In fact, the corporation will be compelled to pay still higher wages. It would have preferred not to, and it would have been willing to forego a price increase to avoid that necessity. Chairman Ochs made it clear that steel favored having both wages and prices stabilized in order to avoid risking another twist of the inflationary spiral.

An Italian woman walked across the river on the ice from Burlington to Bristol last Thursday in her stocking feet. She carried her shoes in her hand and when this side was reached she calmly put on her shoes, much to the amusement of the crowd assembled at the Mill street wharf. She said she took off her shoes to keep from slipping.

After the ceremonies the camp adjourned to the camp fire where refreshments were served and the boys enjoyed themselves listening to the stories of '61 by the veterans of Post 73.

Words vs. Principles

Continued from Page One

attle of words" and who knew fully well the difference between "rational" and righteous indignation, said: "He that is not with me is against me." He that is not with the believers in freedom who have battled all these years against the pro-Communists and the pro-socialists for the preservation of liberty and constitutional government—that man is against them.

Indifference is the besetting sin of this generation: indifference and spirit of "get-mine-first" greed and materialism.

The truth is that now, as never before in all the long history of this unhappy sphere, no man who does not feel deeply, no man who does not stir with anger over the betrayals of people and principals witnessed at home and abroad during recent years, no man who is calm and complacent over the world's gony, is fit to seek leadership, nor apt to inspire a willingness to follow him.

Senator Lodge an Eisenhower backer, has written with an eloquence few have equalled on the need for Republican victory at any price, and on the concept that what the party needs is to stand for those opinions which will provide the victory—not those that conscience and common sense dictate.

This philosophy, it may be, has contaminated the sound judgment of General Eisenhower and led him to falsely assume that in this hour of crisis America will turn to half-way men and half-way convictions.

The General's judgment may be still further distorted by recollection that Senator Duff, another of his chief supporters, ran successfully for his Senate seat two years ago in Pennsylvania without discussing any national issues, although daily goaded by his opponents, spring and fall, to stand up and debate with them.

What the General may have overlooked in this connection is that Duff was then a governor, armed with substantial patronage and money—programs quite unlike anything which General Eisenhower is likely to find at his disposal; and moreover, that the cloud of the Korean tragedy lay heavily upon the public mind

that year, plunging the standing of the Democratic party into the lowest ebb for many seasons.

We do not believe that General Eisenhower has even an outside chance of getting elected by any such coy and vascillating evasion of issues as seems to be in Mr. Lawrence's mind.

Already he has cagily sat on the sidelines, allowing others to do his talking for the purpose of the pre-convention activities, without taking part in a clash of ideologies the most dramatic in the whole world's history. If this results in his nomination, are we to understand that he seriously contemplates the stultifying picture of dealing only in platitudes and generalities during the campaign which would thereafter be in his hands?

Has the unhappy result of similar masterminding on the part of Governor Dewey, four years ago, escaped the General's attention?

Where is the spirit of other immortal leaders—the fearless courage which, to name a single example, Churchill revealed in his famous Dunkirk speech: "We shall go on to the end, we shall fight in France, we shall fight on the seas and oceans, we shall fight with growing confidence and growing strength in the air, we shall defend our Island, whatever the cost may be, we shall fight on the beaches, we shall fight in the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender."

In the utmost seriousness we believe, and we warn General Eisenhower and his supporters, that only courage battle-spirit such as that can offer hope of victory to the Republicans this fall. Anything else invites defeat.

Rainbow Ceremony Marks Waldron-Davenport Nuptials

PHILADELPHIA, May 26 — Bethel Lutheran church, this city, formed the setting Saturday at four p.m. for the rainbow wedding, uniting Miss Helen R. Davenport, of 449 W. Aldrie street, and Mr. John B. Waldron, son of Mr. Harvey Waldron, Bath road, Bristol township. The Rev. I. H. Hagerdorn officiated, with Mr. Claude Davenport giving his daughter in marriage.

Music had a prominent part in the ceremony. Mrs. Hattie Carsten was vocalist, and the organ numbers by Mr. Ashley, this city, were "Oh Promise Me," "I Love You Truly" and "The Lord's Prayer."

The pastel tones worn by the attendants of the bride included: Aqua for maid of honor, Miss Dorothy Weigle, this city, cousin of the bride; orchid for Miss Doris Morgan; yellow, Miss Lilly Waldron, Bristol twp., sister of the bridegroom; pink, Miss Barbara Ann Davenport, flower-girl. The bride was costumed in white.

Mr. George Waldron, Bristol twp., brother of the bridegroom, was best man; and ushers were Mr. Charles Davenport, brother of the bride, and Mr. Magnus Kohler, Croydon.

Choice of Mrs. Davenport, mother of the bride, for the ceremony, was a pink dress, navy blue accessories, and orchid corsage.

Kenney's hall, 5th and Clearfield sts., was the scene of the reception at seven o'clock, attended by about 100 guests.

Leaving for a week's motor trip, Mrs. Waldron was attired in a gray suit, and blue accessories. The two will live at Hillcrest avenue and Bristol Pike, Croydon.

Today's Quiet Moment

By Philip Weiss, Pastor
Oxford Valley Chapel

With Memorial Day coming this week, I was reminded of the wars in which our nation has been involved, and, with it, the striving to obtain a "lasting" peace. The world for centuries has been seeking for this same thing but always their hopes have been frustrated.

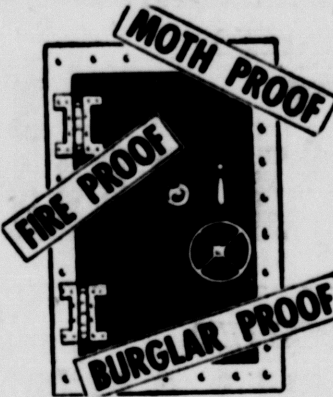

The nations of the world, represented by their statesmen, never look in the right place for peace. They foolishly think it can be attained around a table at a meeting of men whose religious beliefs are as far apart as the poles.

The only real peace that can ever be attained on this earth before our Lord returns to set up His Kingdom, is that to which He refers in John 14:27: "Peace I leave with you, my peace I give unto you; not as the world giveth, give I unto you."

During the next several days we will speak of this peace as applied in varying ways and outlined by the Apostle Paul in his letter to the Church at Philippi.

Eight Bucks Countians Graduate At W. Chester

Among the 256 seniors who graduated this morning from West Chester State Teachers College were eight Bucks County young people.

The program, in Phillips Memorial Auditorium, featured an address by Robert E. Woodside, Attorney-General of Pennsylvania. Dr. Charles S. Swops, president of the college, awarded diplomas and conferred bachelor of science degrees.

West Chester held its annual Alumni Day on Saturday and its Baccalaureate exercises on Sunday, at which time Rev. W. Hamilton Aulenbach, rector of Christ Church and St. Michael's, Germantown, spoke.

The eight students from Bucks

county who are members of the class are:

Edith Blevins, daughter of Mr. and Mrs. Lester W. Blevins, Newtown; B.S. in elementary education; Nancy Horne, daughter of Mr. and Mrs. Harry Horne, Newtown; B.S. in elementary education; Joy Dilliplane, daughter of Mr. and Mrs. Nelson Dilliplane, Yardley; B.S. in music education; Joseph France, son of Mrs. Mary France, Croydon; B.S. in health education; Loraine Oeltjen-Bruns, daughter of Mr. and Mrs. John Oeltjen-Bruns, Quakertown; B.S. in secondary education; Marianne Schmieg, daughter of Mr. and Mrs. Carl Schmieg, Mechanicsville, B.S. in elementary education; Elbert Tompkins, son of Mr. and Mrs. E. L. Tompkins, Solebury; B.S. in music education; Eleanor Zemel, daughter of Mr. and Mrs. Ralph E. Zemel, Pipersville, B.S. in elementary education.

To prevent a fishy odor from clinging to your hands, rinsing hands in cold water before you touch the fish helps. Later, wash

hands with water and salt. Soap doesn't do the job.

Change in Banking Hours

In the past it has been the custom of the Bristol banks to remain open on Saturday from 9 a. m. to 12 noon when a holiday fell on the preceding Friday or on the following Monday. After Memorial Day week-end this practice will be discontinued and a new plan will be adopted as recommended by many of our friends and patrons.

In the future, when a holiday falls on Friday, the Bristol banks will be open from 7 p. m. to 9 p. m. on Thursday rather than from 9 a. m. to 12 noon on Saturday. We believe this new procedure will result in better banking service to the general public because so many persons leave town on "long week-ends."

Saturday banking hours also are being discontinued when a holiday is observed on Monday.

These changes, however, will not be effected until after the Memorial Day week-end.

HEIDLER PITCHES HIS SECOND NO-HIT GAME FOR JUNIORS

LANGHORNE, May 26 — Bobby Haidler pitched his second no-hit for High won over Nesaminy Junior High won over Nesaminy Junior High, 4-2, on Playwicki field.

Several weeks ago, Haidler hurled a no-hitter against Southampton in a Lower Bucks J. H. League tilt but Southampton scored three runs. Bristol won that game, 5-3.

Haidler was superb against Nesaminy as he chalked up 11 strikeouts, including the side in the third and fourth. He walked two batters.

Bobby DeLassio saved Haidler's no-hitter in the sixth when he made a sensational diving catch of Sangillo's bid for a base hit.

THE CHRYSLER NEW YORKER NEWPORT

WHAT ARE YOU DOING TOMORROW?

This invitation could result in the most important day of your motoring life. We'd like you to take the wheel and really drive a Chrysler New Yorker car. Everything good you've heard about this great car is true . . . and then some. Its new V-8 engine . . . its power steering . . . its power brakes . . . its astonishing comfort . . . each is an experience you will thrill to, and remember.

So . . . tomorrow . . . or any time that is convenient . . . come discover real power steering! Hydraulic power does 4/5 the work as you turn the wheel . . . and also gives you 5 times the usual control on bad roads. Turn the wheels with one finger

when standing still . . . or drive all day with no shoulder strain at all! You get the same wonderful "wheel feel" every mile!

Drive America's finest engine! Feel the acceleration, response, reserve power of 180 V-8 horsepower. Learn why owners praise the matchless performance they get . . . without even having to use premium fuel!

Feel what power brakes are like! Power from the engine boosts the power of your toe. With up to two-thirds less than normal pressure, you will "gentle" this solid, powerful car to the surest, easiest stops in your life!

Test the comfort that's unequaled! On body-pleasing chair-height seats . . . with sweeping vision all around . . . you take good roads and bad on shock absorbers with over twice the shock-absorbing power of those on cars you've had before! Come in tomorrow!
